Bad Symptoms.

The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has gnawing distress or heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weaknesses and derangements that should have early attention. Not all of above symptoms are likely to be present in any case at one time.

Neglected or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not result fatally.

No medicine extant has such a long and numerous record of cures in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong professional indorsement of each of its several ingredients—worth more than any number of ordinary non-professional testimonials. The very best ingredients known to medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol, harmful, or habit-forming drug is to be found in the list of its ingredients printed on each bottle-wrapper and attested under oath.

In any condition of the female system, Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system and especially the pelvic organs. When these are deranged in function or affected by disease, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of bad, unpleasant symptoms follow. Too much must not be expected of this "Favorite Prescription." It will not perform miracles; will not cure tumors—no medicine will. It *will often prevent* them, if taken in time, and thus the operating table and the surgeon's knife may be avoided.

Women suffering from diseases of long standing, are invited to consult Doctor Pierce by letter, *free*. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser (1000 pages) is sent *free* on receipt of 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address as above.

MINISTERS ARRAIGNED.

Preaching in Christ Church, in New York, last night, in a series of sermons planned as a part of a school to train laymen to work to spread the gospel, Bishop Paddock, of eastern Oregon, discussed "The Personal Responsibility of Christians."

"The Episcopal church," said Dr. Paddock, "has neglected an important doctrine when it has failed, as it has, to inculcate the necessity of personal conversion from sin to righteousness. Our church must bring home to young men and women, even to those who have been confirmed, the need at once to make a decision for or against Christ, and to fight it out. Which shall it be?

"The question to be decided by young men and young women is whether they shall give a part to God or all. You men of the laity must keep us ministers straight. We are largely what you make us. Men demand that leaders make more sacrifice than they do.

"Take, for example, the ministers of New York, the Christian leaders of this city. How many of them make any sacrifices? Do they not live in beautiful homes, furnished with every luxury? When they travel, do they not take the drawing-room car, and when they reach the station, does not the automobile meet them?

"What do ministers go without? Where is the simplicity? We shall not influence the world very widely or deeply until we show ourselves in dead earnest, and we shall never convince the world of a vast deal of earnestness on our part as long as we insist upon liberal and regular salaries: as long as we take care of ourselves and leave little care for God to exercise over us."

How to Cure Chilblains.

"To enjoy freedom from chilblains," writes John Kemp, East Otisfield, Me., "I apply Bucklen's Arnica Salve. Have also used it for salt rheum with excellent results." Guaranteed for fever sores, indolent ulcers, piles, burns, wounds, frost bites and skin diseases. 25c at all drug stores.

MRS. LANGTRY'S GAMING LUCK.

Lady Hugo de Bathe, better known in America as Mrs. Langtry, wooes fortune at the Casino at Monte Carlo, every afternoon and evening. She had had very bad luck at the trente-et-quarante table one day last week and arose in disgust, exclaiming: "I shall play no more for the present."

As on her way out Lady de Bathe was passing the roulette table she had an inspiration- or what you will; perhaps an instant's glimpse into the immediate future. Whatever it was, she staked the maximum on No. 32 on two tables simultaneously. Marvelous to relate 32 won on both tables. It took the croupiers, paying 35 for 1 of her stake, nine minutes to count out her winnings.

The coup caused intense excitement, especially as Lady de Bathe resolutely walked out with her winnings. In the atrium a number of acquaintances surrounded her and were congratulating her when a friend rushing from the tables shouted to her:

"Thirty-two won the second time on one table!"

So there was a fly in her ointment. Unlike the seasoned gambler she had not bet again on the number which brought her such big winnings.

The once "Jersey Lily," lives like a queen there and like a queen who lacks no money to indulge every whim. She has a magnificient suite in the most expensive hotel; her costumes and jewels are the envy of women of both worlds; her splendid motor car is fitted in tortoise shell and gold; her personal suite consists of a woman secretary, two maids, two chauffeurs and a courier.

Kodol is the best remedy known today for dyspepsia, indigestion and all troubles arising from a disordered stomach. It is pleasant, prompt and thorough. Sold by W. F. Creighton.

RENT RIOTS.

Incipient rent riots broke out on the East Side in New York yesterday as a result of the tension between the landlords and the striking tenants, and many combatants were injured and five arrested by police reserves called from several districts. The police used their clubs freely, but there was no way to obtain the number of injured, as they were hurried away and cared for by friends. The disorders were general throughout the affected district.

Several outbreaks were checked by the police, and throughout the day the teeming East Side swarmed into the streets and held impromptu meetings. There were many altercations between landlords and tenants and the reserves of four precincts were kept in readiness to respond to hurry calls.

Several mass meetings were held last night by the strikers. It was announced at the headquarters of the latter that the work of organizing the tenants in Hoboken and Jersey City was going on rapidly, and that by February 1 more than 50,000 tenants in those cities would be ready to enforce their demands for lower rents.

Take DeWitt's Kidney and Bladder Pills. They promptly relieve backache and weak back. Sold by W. F. Creighton.

AS THEY LIVED IN MISTY PAST

Antiquarians and archæologists are deeply interested in the results of the excavations at Cetis, Italy. Another room his been uncovered there which is furnished completely according to the somewhat remote fashion of 2000 years ag . Several beautifully decorated amphoræ have been unearthed. One of these jars contained olives, another fish scales. The paintings adorning the amphoræ indicate their contents. Many lamps have been found, some decorated with beautifully-painted scenes as enacted in the theatre, as well as pieces of fine glass, with gilt inscriptions.

KING ENDS BARBARIC SPLENDOR

King Gustave of Sweden has made known his intention of abolishing the pompous ceremonies with which the Swedish Parliament in the past has been opened. His Majesty says these observances are a relic of mediaevalism and inappropriate to a modern and progressive nation. This step, together with the abolition of the coronation ceremonies recently ordered by the king, is hailed with great appreciation throughout Sweden as initiating a new and democratic era.

It is very important and in fact it is absolutely necessary to health that we give relief to the stomach promptly at the first signs of troubles. Take something once in a while especially after meals; something like Kodol For Dyspepsia and Indigestion. It will enable your stomach to do its work properly. Sold by W. F. Creighton.

MONDAY EVENING, JAN. 6, 1908.

CHARGES that the administration is making use of federal patronage for the purpose of promoting the Taft campaign for the presidential nomination are flying thick and fast. Numerous instances are being mentioned to prove that offices are being peddled right and left in the interests of Taft, and backers of other candidates assert that the situation is fast becoming scandalous. The thing that has brought matters to a crisis is the report that Assistant Postmaster General Hitchcock is to manage the Taft campaign in the East and South, with headquarters at Washington. In his capacity as distributor of postoffice patronage for the States that have no republicans in Congress, Mr. Hitchcock has been corraling delegates from the southern States, obtaining entire control of the delegates from that region. It is the belief that the Taft people have captured not only Mr. Hitchcock but John G. Capers, Commissioner of Internal Revenue, who is another power in the South, that has started the friends of other candidates talking. Certain rumors and stories that have been muttered for some time are now being repeated in more definite shape. A United States Senator is responsible for the statement that in Congress a resolution will be introduced demanding to know whether the civil service regulations regarding political activity are being violated by the Assistant Postmaster General and quoting from newspaper reports to show that Mr. Hitchcock has been lining up delegates.

IT IS stated that the plan of the New York organization leaders is that the "Big Four" to be elected by the republican State convention will be Elihu Root, Secretary of State; George B. Cortelyou, Secretary of the Treasury; ex-Governor Frank S. Black and Timothy L. Woodruff, chairman of the State committee. If this slate stands it leaves "outside the breastworks" those national convention veterans, Senators Thomas C. Platt and Chauncey M. Depew. The ten or a dozen men who control the republican organization in New York are chary of saying why the slate leaves Senators Platt and Depew off the list, but when pressed they admit that neither Senator is likely to go as delegate at-large. The explanation is that a new political generation is in control of affairs in that State, a new page has been turned, and many "old, familiar faces" will not be seen as often as formerly in high places in republican national conventions. Certainly times change. A few years ago a republican national convention without Thomas C. Platt as one of the managers would have been like the play of Hamlet with Hamlet left out.

ACCORDING to the statistics collected by the Chicago Tribune, the sum of $148,902,180 was given away for the good of mankind during the year 1907. Of this amount, educational institutions received $70,915,542; religious institutions, $9,343,892; museums, art galleries and public improvements, $17,247,400, and libraries, $2,943,000. The heaviest donors were John D. Rockefeller, Mrs. Russell Sage and Andrew Carnegie in the order named, although there were more than a dozen others who gave amounts above $1,000,000 each, and it is noted that over $30,000,000 of the total sum was contributed by women.

THE TOWN of Christiansburg has sold its electric light plant and the new owners will at once form a company for the purpose of operating it. A dispatch from there says the council has been relieved of a great burden as in this instance. Municipal ownership has been a most expensive luxury, and, after seven years' experience, the council is thankful to have disposed of its electric plant. Municipal ownership failures are becoming common occurrences.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., January 6.

Among the visitors here today was Mr. J. S. B. Thompson, of the Southern Railway Company, formerly of Alexandria, but now of Atlanta.

Mr. Bascomb Slemp, the new republican member of the House from the Ninth Virginia district, took the oath of office today. He was escorted to the Speaker's stand by Congressman Lamb, of the Richmond district, and took his seat on the democratic side, as there was no room for him on the republican side.

In the House today Mr. Carlin introduced a bill to provide for a new superstructure for the Aqueduct bridge over the Potomac river; also bills for the relief of the heirs of J. D. Bawlings, Gordon Jones, administrator of the estate of W. M. Jones, and Elias E. Conner, sole heir of Mary C. Conner.

The President this afternoon gave out the letter from Admiral Brownson, resigning as Chief of the Bureau of Navigation, and which resulted in the severe excoriation of the admiral published this morning by the President. The letter says in part: "The recent order placing a medical officer in command of a hospital is in my opinion, and, as I have endeavored on several occasions to point out to you, clearly opposed to the intent of the law, is a radical departure from established naval usage, and is fraught with danger to the efficiency of the fleet will tend, I believe, to break down the military spirit of the service, and shows a want of your confidence in my advance regarding a matter so vital to the best interests of the service. I am left, therefore with no alternative but to tender my resignation as chief of the bureau of navigation much as I regret to sever my active connection with the service to which I have been devoted and to which I have given my best efforts for over forty-six years."

The President's answer to this letter was as follows: "Sir: I accept your resignation to take effect immediately. You will this afternoon turn over your office to your assistant, Capt. Winslow, informing him that he is to act until such time as your successor is appointed and qualified."

The need of more officers and men in the army, and the reasons for the increase in the number of desertions and the decrease in enlistments, are the subjects of an earnest discussion by Secretary of War Taft, in his annual report, submitted to the President today. The present enlisted strength of the army is 50,190 while the authorized strength is 69,861. During the year there were 4,522 desertions. The Secretary declares that the situation is "so serious in its ultimate consequences, as to compel careful consideration and prompt remedial action." Another need is that of an increased number of officers, says the Secretary. He shows that in the past year, 13.45 per cent. of the general and staff officers, and 27.45 of the line officers had to be detailed for special service other than their regular duties. He approves a recommendation of the general board, that there be an addition of 612 officers to the number already authorized by law. Another important recommendation is the organization of a general service corps, to include wagons masters, engineers, firemen, teamsters, blacksmiths, laborers, etc. This would relieve the regular enlisted men of the performance of many non-military duties that are now required of them. He approves also the estimates for the construction of batteries in the coming year, made by the National Coast Defense Board, of $6,000,000 for Manila and Subig Bay; $1,000,000 for Honolulu and Pearl Harbor and $1,000,000 for Guantanamo Bay, Cuba.

Attorneys for the Standard Oil Company today asked permission of the U. S. Supreme Court to file a brief in the case of the Great Northern Railroad, being argued this afternoon before that tribunal, testing the legality of prosecutions under the Elkins act, which were begun after the passage of the Hepburn railroad rate law. The Standard, holds that the validity of the famous $29,000,000 fine assessed against it by Judge Landis will doubtless be affected by the decision. The Standard's attorneys also say that tomorrow they will apply to the Circuit Court of Appeals for the seventh circuit, where the matter of the fine is being reviewed, to certify the case immediately to the Supreme Court of the United States. Legal giants were pitted against each other this afternoon when the Great Northern case was called. Counsel for the road represented arguments against the decision of the lower courts finding the Great Northern guilty of granting rebates. Attorney General Bonaparte and his chief assistant, M. B. Purdy, the administration's "trust buster," appeared for the government, contending that the Hepburn rate law did not repeal the provisions of the Elkins law, under which the road was prosecuted.

Former Representative John Newton Williamson, of Oregon, will not have to serve his sentence of ten months in prison for land fraud conspiracy, the judgment of the lower court being reversed today by the U. S. Supreme Court.

The U. S. Supreme Court today declared unconstitutional the "employers liability act," passed by Congress in 1906, at the solicitation of the President. By this law, it was sought to abolish the doctrine that the responsibility of a fellow employee for an accident, relieved the employer from suit for damages for the death or perjury of another employee.

The U. S. Supreme Court is to examine into the principles that Secretary Taft, when he was a federal judge in Cincinnati, laid down in his "strike injunction decision." The bringing of the case at this time may have some political significance, in view of the campaign the American Federation of Labor is waging against Mr. Taft as a presidential candidate. The case came before the Supreme Court today, through the application by labor unions of San Francisco for a review of the judgment of Judge Morrow, of the Federal Court of California, who issued an injunction prohibiting the Sailors Union, The Firemens Union and the Marine Cooks and Stewards Association, their officers or members or any one acting for them, from interfering with the operation of coasting vessels against which a strike was in force.

The federal grand jury today indicted on the charge of conspiracy to defraud the government, Edwin M. Van Dyck, until recently chemist and ink maker at the bureau of engraving and printing, and Victor G. Bloede, ink manufacturer, of Baltimore. It is alleged that the two men co-operated in the securing by Bloede of government contracts for "hand black" which amounted in five years to half a million dollars and that Van Dyck received as commission $75,000.

S. Davis Warfield, of Baltimore, and R. Lancaster Williams, of Richmond, Va., were today appointed by Chief Justice Clabaugh receivers for the property of the Seaboard Air Line Company in the District of Columbia. They furnished bonds in the sum of $15,000 each.

Although the text of the tariff agreement between France and the United States has not been formally agreed upon, it is understood that in substance negotiations have been concluded practically and the document itself will be ready for signatures within a few days.

Mr. Tsuneijiro Miyolaka, counselor of the Japanese embassy and charge d'affaires during the absence of Ambassador Aoki, today denied the report that orders had been issued for the reserves of the Japanese army, necessitating the return of many of the Japanese now on the coast to Japan.

The President today transmitted to Congress a message recommending the enactment of a law for the taking of the next federal census by persons selected in acordance with the civil service rules. A great deal of comment is being raised throughout Europe by the recent utterances of the Pope on government, which tend to show that the sovereign pontiff holds extremely undemocratic views. He said, for instance, in his recent address to the members of the anti-slavery congress at Rome: "A government, in order to govern well, must be despotic and tyrannical."

The backbone of the miner's strike seems broken at Goldfield, Nev. It is hoped that all mines will be in full operation within ten days. The hills are full of miners applying for work, and they are deserting the Western Federation by the score. They intend to apply for work before their places are taken by imported miners. The owners are employing former federation men along with those imported.

IN MEMORIAM.

In sad but loving remembrance of our dear husband and father, ROBERT H. DAWSON, who departed this life January 5, 1907—one year ago yesterday.

We laid him away in his silent grave,
With tear-dimmed eyes and broken heart:
And little we thought when in life,
How soon we had to part.
The one we loved so dearly
And tried so hard to save,
Lies in the graveyard softly sleeping,
Where the flowers gently wave.

Rent Strike in New York.

New York, Jan. 6. — Miss Phelps Stokes, once Rose Pastor is to take charge of the east side rent strike, according to the leaders of the movement. She is expected in the city from Washington hourly to assume the direction of the campaign.

The strike is taking more and more the aspect of a socialist demonstration. Red banners are displayed with considerable frequency at the meetings and the landlords are making the most of the situation to point to their rivals as enemies of the government.

The strikers deny this absolutely, and the conservatives are doing all in their power to prevent the radicals from weakening the cause by over aggression in their methods.

Legal aid will be supplied the five persons arrested yesterday as a result of clashes with the police at a series of four meetings in behalf of the strike movement. How many were injured by the policemen's clubs in these encounters is uncertain.

A dozen or twenty suffered, and among the policemen a number sustained painful cuts and bruises.

The prisoners are accused of inciting to riot, disorderly conduct and assault. Red flags and what the police considered inflammatory songs started the trouble in most instances. The demonstrators refused to disperse and the use of clubs followed the disregard of orders to scatter.

Evictions began in earnest today. There was no resistance when families were moved from their rooms into the street, but accommodation was found for all of them in most cases in the same houses from which they had just been ejected. It is said at least 400 or 500 families will be ejected before night fall, for refusal to pay rent.

Believe He Had Accomplice.

Harrison, N. J., Jan. 6.—If Theodore S. Whitmore killed his wife and disposed of her body in the Passiac river swamp Christmas night it seems certain that he had an accomplice who aided him. The police are today bending every effort to locate that person. Mrs. Whitmore was a heavy woman, and it would be a physical impossibility for the accused man to have taken her body to the spot where found alone.

New York, Jan. 6.—A boast that he could clear up the Whitmore murder mystery led today to the arrest of Caleb Evans, a telephone operator for the Brooklyn Rapid Transit Company. Evans is held on suspicion and will be closely questioned.

Harry Hendrickson, a friend of the dead woman, who was taken in custody Saturday night, has refused to go to New Jersey, and an effort may be made to have him extradited.

Conditions in Muncie.

Muncie, Ind., Jan. 6.—Today 43 imported strike breakers left this city for Chicago. The men were dismissed from duty last night. Today the Union Traction Company intends operating its cars regularly and they will be manned by local men, none of whom are strike breakers. Mob rule has been broken. The sight of soldiers bluffed the ruffians responsible for the city being put under martial law. There are two rival labor unions in the traction territory, the Amalgamated Association of Street and Electric Railway Employes and the Brotherhood of Railwaymen. The latter has been recognized by the company. This union in endeavorsng to get men to join it and accept the jobs left open by the strike of Amalgamated men. If so the Muncie Labor Federation will approve the action and the strike will end.

Death of a Pilot.

New York, Jan. 6.—Hastening home to see his sick wife in New York, Sandy Hook Pilot William Hall was found dead in his berth on the steamship Muncaster Castle from Boston early today. It was not Hall's turn to leave the pilot boat when the Boston craft hove to off the lightship last evening, but a fellow pilot exchanged places that he might the sooner reach his wife's bedside. After bringing the Muncaster Castle through the channel the pilot turned in and was later found by the steward dead. He probably succumbed to heart disease.

Case Abandoned.

London, Jan. 6.—The perjury accusation against Herbert Druce was formally abandoned today. When human remains were found in the coffin bearing T. C. Druce's name on the plate the interests behind the prosecution said there was nothing to prove that the unrecognizable body was Druce's and that the perjury case would be pushed until such proof was forth coming. The change in front is generally accepted as foreshadowing the dropping of G. H. Druce's suit for the Duke of Portland's estates.

To Investigate State Bank.

New York, Jan. 6.—Supreme Court Justice Dowling instructed a special grand jury today to investigate every New York State Bank or Trust Company concerning which there has been even a breath of suspicion in connection with the recent crisis. The jury will meet every afternoon under the direction of Assistant District Attorney Kaisel.

Mysterious Death.

New York, Jan. 6.—An unknown woman about sixty years of age was found dead in a basement at 411 west Forty-second street today under circumstances believed by the police to indicate a murder. The woman was poorly dressed in an old wrapper, but wore a hat indicating she had started out on the street. An investigation has been started.

Badly Mixed Up.

Abraham Brown, of Winterton, N. Y., had a very remarkable experience; he says: "Doctors got badly mixed up over me; one said heart disease; two called it kidney trouble; the fourth, blood poison, and the fifth stomach and liver trouble; but none of them helped me; so my wife advised trying Electric Bitters, which are restoring me to perfect health. One bottle did me more good than all the five doctors prescribed." Guaranteed for blood poison, weakness and all stomach, liver and kidney complaints, by all druggists, fifty cents.

A Mother's Rash Act.

New York, Jan. 6.—Following a plunge from a fire escape at her home through the window of a neighbor, holding her eighteen-months-old babe in her arms, Mrs. Alice Byrnes, wife of Frank Byrnes, a butcher, is in Bellevue Hospital for examination as to her sanity. Mrs. Byrnes was injured internally.

The Thaw Trial.

New York, Jan. 6.—The first venire of 100 jurymen in the Thaw case was dismissed at the opening of court today because their names had, through error, been published Friday. The second list of 100 was at once summoned by Justice Dowling and they began arriving soon after the first batch had scattered, the grand jury for the January term being charged in the meantime in court 3 where the Thaw trial is to be held, delaying the proceedings until 11:15.

Unless something unforseen develops, such as a sudden application for the appointment of an insanity commission, illness of defendant or counsel, or some matter that cannot be guarded against there is no prospect of a short trial.

Securing the jury will be a difficult task. That is admitted by all concerned, but Assistant District Attorney Garvin, who is aiding Jerome in prosecuting, hopes to complete it in a fortnight.

Judge Dowling will aid in this if he does not change his mind, by holding three sessions of court daily, morning, afternoon and night. This will give an extra session daily over last year.

Both Thaw and his wife have changed since the last trial. Prison life has benefitted the defendant, who is considerably stouter and in more robust health than when he last faced a court and jury. His wife is more matronly in appearance, having aged perceptibly during the year her husband has been locked up.

There is uncertainty as to whether Evelyn Thaw will again be permitted to tell her story of alleged abuses at the hands of White.

Thaw today expressed himself as confident of his speedy acquittal.

The work of selecting a jury was begun today.

This afternoon Justice Dowling prohibited the use of cameras in the court room and declared that any violation of his orders would be construed as contempt of court and the offenders punished.

Probable Suicide.

Springfield, Mass., Jan. 6.—Heeding a presentment yesterday that something was wrong with his 26 year old son Edward, who had left the house in Wales, two hours before, Salesman James H. Walker started in search of the young man. The trail led over the fresh snow for a quarter of a mile to a spot in the woods where the son's dead body was found with a bullet hole in his head. Young Walker had been despondent for some time.

New York Stock Market.

New York, January 6.—There was a good deal of irregularity in the movement of prices in the market during the first hour.

The market increased in strength and activity after the first hour with numerous gains, Northern Pacific at midday selling at 124½ against 122 at the opening and Union Pacific from 119¼ advanced to 121, the highest prices since August for both,

Fire and Loss of Life

San Francisco, Jan. 9. —Three lives were lost by a fire which destroyed the laundry at the French Hospital early today. Three bodies were discovered after the flames had been extinguished.

ROOSEVELT vs. BROWNSON

In a letter given to the press yesterday President Roosevelt characterizes as "unseemly and improper" the action of his former intimate friend, Rear Admiral Willard H. Brownson, in resigning the office of chief of the Bureau of Navigation to emphasize his opposition to the principle that a surgeon should be given positive command over a naval vessel, in this case the hospital ship Relief. Admiral Brownson's attitude is arraigned severely by the President, who takes advantage of the opportunity to condemn in scathing terms those officers of the navy suspected of having been responsible for recent articles criticising the Navy Department's policy of warship construction. No names are mentioned. Another letter from the President, somewhat milder in tone, was made public also. It is devoted to an explanation of the reasons for placing a surgeon in command of a hospital ship. In concluding the letter, the President directs that the decision to give the Relief into supreme charge of an officer of the medical corps be carried out as a general policy with reference to all naval hospital vessels. Both letters are addressed to the Secretary of the Navy.

MR. MACHEN.

Former State Senator Lewis H. Machen will leave here today for Richmond, where he has accepted a position with the Richmond Times-Dispatch and will write a daily review of the proceedings of the legislature. Of Mr. Machen the Lynchburg News says: The Richmond Times-Dispatch is to be heartily congratulated upon the fact that it has secured the services of Hon. Lewis H. Machen, ex-State Senator from Alexandria, as a special writer to review each day's session of the approaching legislature. It is not to be doubted that Mr. Machen will render able and satisfactory work in his new role. His long experience as a member of the legislature; his clear and comprehensive grasp of State affairs, together with his closeness of touch with the public men of the State, combine to perfect his equipment for the task which he is about to undertake. The esteemed Times-Dispatch is most fortunate in the selection.

Mr. Machen will return to this city, immediately after the adjournment of the legislature and resume the practice of his profession.

POLICE COURT.

There was no session of the Police Court this morning.

Rufus Robinson, colored, had been arrested by Officer Sherwood charged with assaulting Perry Newby, colored. He failed to appear and forfeited his collateral.

A preliminary wrestling match took place between Jack Spaulding and Benny Burns of Washington, which lasted twenty minutes and was declared a draw.

ALLOWED WORK TO PROCEED.

Contractor Wallace, who is engaged in constructing a granolithic sidewalk in front of the Fairfax Apartment House, northeast corner of King and Columbus streets, found it necessary to continue that work yesterday in order to prevent damage to the pavement by frost. The police notified him that he was violating the Sunday law, but Mayor Paff, before whom the matter was laid, realizing that it was a case of necessity, allowed the work to proceed, and it was finished in a few hours.

NO OPPOSITION.

When the legislature meets Judge J. B. T. Thornton, of Prince William, who was named by Gov. Swanson to succeed Judge Charles E. Nicol for judge of this circuit, will come up for election. It is generally understood that he will have no opposition as Mr. J. M. Johnson, of this city, whose friends urged him for the place, declines to be a candidate. The fact is Mr. Johnson's friends are more anxious for him to be made a judge than he was to hold the position.

Mr. and Mrs. Carroll D. Wood and family left Saturday night for Chocklen, Ohio, where they will make their future home.

The marriage of Miss Etta Harrison and Mr. Charles W. Cary, both of this city, took place yesterday afternoon at the bride's residence. Rev. Charles D. Bulla performed the ceremony. The couple will make their future home in Washington.

Mr. J. F. Birrell will leave here tomorrow for Richmond, and during the session of the legislature will act as one of the clerks in the House.

Judge J. K. M. Norton left today for Charlottesville to attend the meeting of the Board of Visitors of the University of Virginia.

Mr. C. C. Carlin has received a telephone message from Gov. Swanson stating that he will make an address before Lee Camp at their banquet on January 20, when Gen. Lee's birthday will be celebrated. As heretofore stated Mr. H. D. Flood will also speak, but Mr. John Sharp Williams, of Mississippi, was compelled to decline the invitation.

Mrs. W. H. F. Lee, of Ravensworth, Fairfax county, is visiting Miss Katherine Stuart.

SOUTHERN RAILWAY.

The curtailment of train service on the Southern Railway went into effect yesterday.

Two trains operating between Washington and Bluemont were taken off, and trains Nos. 39 and 40, now running between Atlanta and Washington, will be discontinued north of Charlotte, N. C. The statement issued from the general offices of the company says:

"On account of the decrease in the general traffic, and consequent diminished earnings, together with increased expenses on the Southern Railway, this company finds it necessary to make some curtailment in its train service. While the Southern Railway, along with all the other railroads in the United States, has been forced by the diminished earnings and increased expenses to observe the most rigid economy, including the curtailment of passenger train service, the management of this company is endeavoring to make such changes in its service the very fewest consistent with the necessity for the reduction in its expenses."

The taking off of the trains mentioned above will, of course, result in a number of men being furloughed.

MEETINGS.

The annual meeting of the stockholders of the American Rutile Co. was held at the office of the company, No. 111 south Fairfax street, today, when the following officers were elected: Wm. M. Slater, president; Albert Harper, secretary and treasurer; Nathaniel Wilson, Wm. M. Slater, Jas. R. Caton, Sherwood Wilson, Albert Harper, directors.

The annual meeting of the stockholders of the Grand Opera House Company was held at No. 128 south Fairfax street, when the following officers were elected: O. J. Staples, president; Henry F. Woodard, secretary; Ezra D. Parker, treasurer; and O. J. Staples, W. W. W. Parker, E. M. Gates, Henry F. Woodard, directors.

SOLICITOR ARRESTED.

John Parice was arrested today by Officer Roberts as a suspicious character. It is alleged that Parice has been going from house to house in this city soliciting aid for the rebuilding of churches in certain places in Canada. Upon being taken to the station house he produced a letter from the Mayor of a Canadian town allowing him to solicit such aid. It is said that men have recently appeared in certain northern cities begging money for churches, and in some instances they have been stopped by the authorities and ordered to leave. Parice will be held pending an investigation.

DEATH OF G. G. GALLEHER.

Mr. G. G. Galleher, former representative in the legislature from Prince William county, died at the Columbia Hospital, Washington, yesterday, of appendicitis. The news of Mr. Galleher's death came as a surprise to his friends, as he had been reported out of danger, after what was thought to have been a successful operation. He had a large number of friends in this section. The interment will be made in Mt. Zion Cemetery, in Loudoun county.

U. S. COURT.

The U. S. District Court, Judge Edmund Waddell presiding, will open its January term here tomorrow. The following criminal cases will be heard: T. B. Berry, illicit distilling; Charles Dawson, R. W. Raines, and W. G. Bohr, retailing liquor without a license, and B. F. Gore, failure to cancel brands and marks. The only civil cases to be heard will be R. Hilton Jackson, trustee, against R. S. Matthews, and E. S. Willey against the schooner Martha Davis.

MONDAY EVENING JAN. 6, 1908.

Economical.

"I believe I have found the prize woman economist," said an east side baker the other day. "She has just moved into my neighborhood, and I understand the family is by no means poor. The wife came into my place Monday and bought a dozen small cakes. I supposed they were for tea that evening. Imagine my astonishment when she came back Friday evening carrying a small paper sack, from the depths of which she carefully drew forth three of the identical cakes I had sold her four days before. Nodding her head toward them, as she set them down on the counter before me, she said sweetly, 'Won't you please exchange these for some fresh ones?' at the same time indicating a batch that I had brought from the oven not half an hour before."

"Well, what did you do?" asked the baker's sympathetic friend.

"Do? I gave her three of the fresh ones. I think I must have been mesmerized. Next thing I know she will be bringing back the bread crusts to have new loaves put inside them."—Columbus Dispatch.

Odd Baby Customs.

Among the Parsees when a child is born a priest takes the place of the medicine man, carefully noting down all details of birth and "calculating its nativity" to a nicety. Having graciously consulted the parents, he announces the child's name. Baptism by water and by fire follows, the infant being first dipped in a tub and afterward taken to church to be held over a flame.

In Persia the baby is laid on the floor while five names on five different slips of paper are either tucked under the edge of the carpet or hidden in the Koran. The first chapter of this holy book is then read and a slip drawn at random. The chosen name is confided to the baby's ear, but lest he should forget his wee memory is tagged by fastening the paper to his clothing.—Los Angeles Times.

Origin of His Name.

In correcting the exercises of her class a teacher recently observed a new name inscribed on one of the papers—Tom Brown.

She looked round the class, but could see no new boy. Not a little puzzled, she requested Tom Brown to stand.

Up jumped Tommy Smith, and the teacher got more puzzled still.

"Your name's Smith," she said, "not Brown."

Tommy looked not a little abashed and shifted uneasily from one foot to the other.

"Please, ma'am," he said, "it's owing to family trouble. I didn't do it, please, ma'am."

"But," she said sternly, "I repeat, your name is Smith."

"Please, ma'am," said the boy, "it's changed now. Ma's married the lodger."—London Mail.

Things He Saw.

A gentleman in a Liverpool restaurant the other day thought he would have a joke with the waiter and asked him if he had ever seen a sausage roll.

"Yes," replied the waiter. "I have not only seen a sausage roll, but I have seen a biscuit box, a table spoon, a bicycle pump, a penny stamp, a chimney sweep, a chain link, a nose gay, a camera slide, a garden fence, a sword fish, a spoke shave, a wall flower"—

But when he got to "a fire escape" the gentleman thought it was time he escaped too.

As he was going the waiter went on with "a tap turn, a cake walk, a mountain climb, a sky lark, a honey comb"—

But by this time the customer was hurrying down the street in a dazed condition.—Liverpool Mercury.

They Tax All Signs.

Every sign in Rio Janeiro is taxed. A cafe having a special "sorvete," or ice, to serve makes a placard and hangs it to a doorpost or to one of the palm trees in tubs which commonly decorate such establishments. The notice thus posted must have a revenue stamp attached. Permanent signs are taxed on a permanent basis, temporary signs on a stamped basis. A sign "House For Rent" bears a revenue stamp. Under such circumstances the tax on signboards or billboards is the expected thing, but naturally there is much less general use of such forms of advertising.

Excusable.

"I suppose," remarked the coy widow, "that you are not an advocate of early marriage?"

"Oh, yes, I am," replied the scanty haired bachelor.

"Then," continued the c. w., "why is it you are still a bachelor?"

"That's quite another matter," answered the bachelor. "The only marriages I believe in are early ones, because there is some excuse for youthful follies."—Chicago News.

Couldn't Fool Her.

Mrs. Murray Keith, a venerable Scotch lady, from whom Sir Walter Scott derived many of the traditions and anecdotes wrought in his novels, taxed him one day with the authorship, which he stoutly denied.

"What!" exclaimed the old lady. "D'ye think I dinna ken my ain groats among other folks' kail?"

Cured of Lung Trouble.

"It is now eleven years since I had a narrow escape from consumption," writes C. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 135 pounds, and coughing was constant, both by day and by night. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored my normal weight, 170 pounds." Thousands of persons are healed every year. Guaranteed at all drug stores. 50c and $1.00. Trial bottle free.

Do the right thing if you have Nasal Catarrh. Get Ely's Cream Balm at once. Don't touch the catarrh powders and snuffs, for they contain cocaine. Ely's Cream Balm releases the secretions that inflame the nasal passages and the throat, whereas medicines made with mercury merely dry up the secretions and leave you no better than you were. In a word, Ely's Cream Balm as a remedy, not a delusion. All druggists, 50 cents, or mailed by Ely's Brothers, 56 Warren Street, New York.

PURE VINEGAR and SPICES for pickling for sale by J. C. MILBURN.

Possible Population of the Earth.

By the best reckoning the earth's population for some two centuries or so has been increased at the rate of about a million a year. From now on, on account of improved material conditions and the diminution of the slaughter consequent to war, the increase bids fair to be much greater. It has recently been estimated that the earth under present conditions might be able to support a number treble that of its present population — that is, about 4,500,000,000—four thousand five hundred millions. By means of scientific appliances and the reclamation of arid and swamp lands it has been calculated that the figure given might be doubled or ever trebled, giving ten or possibly fifteen thousand millions as the ultimate limit of the earth's population.—New York American.

To a Higher Table.

John Barrett, chief of the bureau of American republics, after various other experiments in diplomacy, came to Washington from Oregon during President Cleveland's second term to get anything he could. He brought a bunch of Oregon boomers with him, and for a time they stayed at the best hotels. The job was slow in coming, and they went from cheaper place to cheaper place, like Mark Twain's office seeker, until they were forced to eat at one of the lunch places on Pennsylvania avenue. One night while they were at dinner word came that President Cleveland had decided to appoint Barrett minister to Siam. Barrett rose from the table and put on his coat.

"Hold on, John!" cried one of his companions in misfortune. "Where are you going? Aren't you going to finish your dinner?"

"Gentlemen," said Barrett as he stalked out, "this is no place for the minister to Siam to dine."—Saturday Evening Post.

Not Certain About That.

Mrs. Verdigris was enumerating her various ailments. "I haven't kept track of all of 'em," she said, "but one of the first things I had was the lumbago in the small of my back. Then I had the influenzy awful bad. The next thing was the rheumatiz. Since then I've had neuralgy, nervous headache, sore throat, indigestion, a breaking out on my skin and ever so many other pesky little troubles that I can't remember."

"It would be an interesting list," said her sympathizing neighbor. "Why didn't you take an inventory?"

"I'm not certain but what I did," answered Mrs. Verdigris. "I took ever so many things. I'll try it if you think it'd help me, but unless it's very mild I just know it won't stay on my stummick."—Youth's Companion.

"Yo' said in yo' sermon, Brother Dickey, dat Jonah wuz eat up by de whale?"

"Well, den, how comes he live ter tell it?"

That seemed to stagger the old man, but he gathered himself together and replied:

"Dat's easy. You see, Jonah wuz de fust fisherman, an' he had ter make a record!"—Atlanta Constitution.
